

POSITION: Primary Care Nurse (Licensed Practical Nurse / LPN)

Employment type: Permanent, Full-time (1.0 FTE, 40 hours weekly)

Location: The Primary Care Team Nurses are decentralized positions that work in busy medical clinics with our member-Physicians, mostly concentrated around west Edmonton.

Job Posting ID: PCTLPN-2007

Objective: Being a Primary Care Team Nurse means that you get to utilize your full scope of practice alongside family physicians and other healthcare professionals in an interdisciplinary environment. We are currently hiring for a unique placement with the Edmonton Weight Management Centre and Family Practice and as such, are looking for a Nurse who is passionate about using a patient-centered approach to support patients with obesity and weight management concerns in order to improve their health outcomes.

ABOUT THE EDMONTON WEST PRIMARY CARE NETWORK:

With a mission to support family physicians in improving primary care through relationships, collaboration and innovation, Primary Care Networks (PCN) are groups of family doctors who work with other health professionals to coordinate the comprehensive delivery of primary care services for their patients. Our team of health professionals include Nurses, Dietitians, Pharmacists, Behavioural Health Consultants, Social Workers and Exercise Specialists who collaborate to provide comprehensive primary care services for the community.

As part of our Interdisciplinary Team:

- You are passionate about providing team-based care within the Patient's Medical Home.
- You want to work in a small yet mighty organization, where you are not just a number, and you can impact real change in healthcare delivery in the local community.
- You are innovative by nature and want to use critical thinking to give your input into patient care planning with a focus on preventive care.
- You see our vision and mission and have seen how a preventative focus on wellness in primary care creates on-going relationships that positively impacts patients for their entire lives.

Qualifications:

- Graduate of an approved Canadian Licensed Practical Nurse (LPN) program
- Current Registration with CLPNA
- Certification as a Certified Bariatric Educator (CBE) or desire to become one is a strong asset

Previous Experience:

- Three to five years of experience in Nursing, in primary care or acute care (primary care preferred)
- Chronic Disease Management

- Proficiency in Microsoft Office Suite (including word, excel and outlook)
- Experience in using electronic medical records and documentation (EMR)

Personal Attributes:

- Enthusiasm and passion for providing quality care and working to your full scope of practice
- Adaptability
- Takes initiative and accountability for delivering the best primary care to our community
- Excellent oral and written communication skills
- Demonstrated ability and willingness to work in an unstructured and dynamic environment that requires flexibility and balancing of competing priorities
- Ability and desire to develop new skills and evolve with a continuous improvement focus

What We Offer:

- Monday to Friday schedule (subject to clinic hours)
- 80% employer paid benefits, including: extended health, dental, life and disability insurance coverage
- Retirement Savings: 8% RRSP Matching Program
- 3 weeks (6%) of annual vacation, increasing to 4 weeks (8%) after two years of service, 5 weeks (10%) after five years and six weeks (12%) after ten years
- Sick, personal and professional development days
- Ability to work within your full scope of practice and impact the community in a positive manner, while collaborating with other disciplines as well
- Up to \$750 per year to fund professional development opportunities, in addition to EWPCN-directed training
- On-going training and networking opportunities through our interdisciplinary team meetings (virtual and in-person)

Applications

The posting will remain active until August 1, 2022, so we invite you to submit your application as soon as possible.

Thank you for applying to the Edmonton West Primary Care Network!

Providing the best primary care to our community.
