- Walk-in physicians to help cover a busy walk-in clinic
- Physicians interested in doing minor surgeries
- Physicians interested in women's & men's health
- Healthcare professionals interested in cosmetic medicine

About Callingwood Crossing Medical Clinic:

- Excellent yearly earning potential for full-time physicians - \$520,000+
- No on-call requirements
- You can tailor your panel to your specialty interests
- Over 50% of our team has been with the clinic for over five years which enhances the continuity of care and provides enhanced support to our physicians
- Access to FT LPN's onsite, dedicated MOA's, along with other support such as receptionists, billings specialist, referral coordinator, and managers to help with day-to-day activities to make your practice run smoother
- We are a progressive, dynamic, high volume family medical practice that has been an existence since 1991. We are in a high-density area with free parking and an attached pharmacy. We are open seven days per week
- We have recently upgraded our technological resources in order to ensure efficiencies and reduced redundancies. We are using artificial intelligence and modern communication platforms to help reduce our no-show rates and help enhance patient care
- Mentorship/training opportunities
- We use MedAccess EMR
